LOVE

God as father is wisdom. God as mother is love. God as father resides in the eye of wisdom. The eye of wisdom is situated between the eyebrows. God as love is found in the heart-temple. Wisdom and Love are the two Columns of the Great White Lodge.

To love, what a beautiful thing it is to love. Only the great Souls can, and know how to love. Love is infinite tenderness. Love is the life that palpitates in every atom, as in every Sun.

Love cannot be defined because it is the Divine Mother of the World; it is what occurs to us when we are really in love.

Love is felt in the depths of the heart. It is a delicious personal experience, it is a fire that consumes, it is divine wine, a delight to those who drink it. A simple perfume, a handkerchief, a letter, a flower, causes tremendous intimacy. Inquietudes in the depths of the Soul, exotic ecstasy, ineffable voluptuousness.

No one has ever been able to define Love. One must experience it and feel it. Only the Great lovers really know what love is. The Perfect Matrimony is the union of two beings who really know how to love.

To have true Love it is necessary for the man and woman to adore each other on all the seven great cosmic planes.

For there to be Love there should be a true communion of Souls in the three spheres of Thought, Feeling and Will.

When two beings vibrate in affinity in their thought, feeling and volition, then the Perfect Matrimony is fulfilled in the seven planes of cosmic consciousness.

THE PERFECT MATRIMONY

There are people married on the physical and etheric planes, but not on the astral plane. Others are married on the physical, etheric and astral planes, but not on the mental plane. Each thinks in his own way, the woman has one religion and the man another, they do not agree with their thoughts.

There are marriages that are kindred in the worlds of thought and feeling, but absolutely opposite in the world of the will; these couples clash constantly; they are not happy.

The Perfect Matrimony must take place on the seven planes of cosmic consciousness.

There are marriages that do not even reach the astral plane. Then there is not even sexual attraction; these are true failures. This type of couple bases itself exclusively in the matrimonial form.

Some people live married life on the physical plane with a certain partner, and on the mental plane they live married life with a different partner. Rarely in life do we find a Perfect Matrimony. For there to be Love, it is necessary for there to be affinity of thought, affinity of feeling and will.

Where there is arithmetic reckoning, there is no Love. Unfortunately, love in modern life has the smell of the bank account, commodities and celluloid. In those homes where there are only additions and subtractions, Love does not exist. When Love leaves the heart, it is difficult for it to return. Love is a very elusive child.

The marriage made without Love, based only on economical or social interests is really a sin against the Holy Spirit. This type of marriage will inevitably fail.

Lovers frequently confuse desire with Love and the worst of the matter is that they marry believing that they are in love. Having consummated the sexual act, the carnal passion satisfied, then comes disenchantment. What remains is the terrible reality.

TRUE LOVE

Lovers should analyze themselves before marrying to know whether they are really in love. Passion is easily confused with Love. Love and desire are absolute opposites.

He who is really in love is capable of giving even the last drop of blood for his beloved. Examine yourself before marrying. Do you feel capable of giving even the last drop of blood for the one you adore? Would you be capable of giving your life so that your beloved could live? Reflect and meditate. Is there true affinity of thought, feeling and will with the one you adore?

Remember that if a complete affinity does not exist then your marriage, instead of being a heaven will be a true hell. Do not allow yourself to be led by desire. Kill not only desire, but the very shadow of that tempting tree of desire. Love begins with a flash of delicious sympathy, is substantiated with infinite tenderness, and is embodied in supreme adoration.

A Perfect Matrimony is the union of two beings who absolutely adore each other. In love there are no estimates or bank accounts. If you are making estimates and calculations, it is because you are not in love. Reflect before taking the great step. Are you really in love? Be careful of the illusion of desire. Remember the flame of desire consumes life, and then all that remains is the tremendous reality of death.

Contemplate the eyes of the one you adore, lose yourself within the delight of his eyes. But, if you want to be happy, do not allow yourself to be carried off by desire. Man in love; do not confuse Love with passion. Analyze yourself deeply.

It is urgent to know if she belongs to you in Spirit. It is necessary to know if you are in complete affinity with her in the three worlds: thought, feeling and will. Adultery is the cruel result of lack of Love. A woman truly in love would prefer death before adultery. The man who commits adultery is not in love.

Love is terribly divine. The Blessed God-Mother of the World is that which is called Love.

The Gnostic Teachings of St. John the Baptist

Mercury Magazine Team

ST. JOHN THE BAPTIST IN THE DESERT
TITIAN. 1542

The Gnostic Mystery of St. John the Baptist

The figure of St. John the Baptist is one of the most fascinating and mystical in the understanding of the spiritual path. Recognized as the forerunner of Jesus Christ, he played an important role in the Gospels and left a legacy of profound learning for Gnostic aspirants. Through the life and mission of John the Baptist, we can understand more about the mysteries of the path of initiation and his sacrifice and love for humanity.

The Miracles of Baptism

John the Baptist teaches us the mysteries of purification in the sacred waters of baptism. In the waters of the Genesis, all creation begins. It is also in the waters that the purification of initiation takes place, allowing the beginning of a new path towards the intimate self-realization of the Being.

Baptism is a symbol of regeneration and new birth. Through the waters of baptism, we are purified, renewed, transformed, and form a new covenant with God.

We understand through this miracle the second factor of the revolution of consciousness, that is, the commitment to the work of the creative and renewing waters.

The Baptism of Jesus

John the Baptist also baptized Jesus in the holy waters. In this wonderful Biblical passage, we see the greatness of John the Baptist, baptizing the master of masters: Jesus Christ.

"When all the people were being baptized, Jesus was baptized too. And as he was praying, heaven was opened and the Holy Spirit descended on him in bodily form like a dove. And a voice came from heaven: 'You are my Son, whom I love; with you I am well pleased.'" Luke 3:21-22

Gnostic vision of the celebration of the day of Saint John the Baptist

The summer solstice, in the northern hemisphere, is associated with the day of Saint John the Baptist, on June 24th. This moment represents the Sun at its zenith, the moment when sunlight is at its most intense, luminous and radiant.

This time of year holds deep Gnostic mysteries. From the point of view of the macrocosmos, there is a greater possibility of renewing life, planting and harvesting, the new life that begins, the force of creation and regeneration of nature. In the microcosmos of man, we can see the apogee of the sun as the internal and creative force of spiritual rebirth and the possibility of the birth of the true sun within us. The sun shines representing inner transformation and renewal.

Religious Celebrations

All archaic religions have always worshiped the Sun. In the East and West, many ancient religions relied on this solar movement for their main celebrations. There is in the sun a genuine representation of the creator, life, fertility and the strength of creation. The sun can be compared to the Christ-Sun, the Intimate Logos, our supreme aspiration.

The Mystique of John the Baptist

John the Baptist was an Initiate of the Cosmic Christ. John the Baptist is a living Christ. The difference between Jesus and the other Masters who also incarnated Christ is in the hierarchy. Jesus is the highest Solar Initiate of the Cosmos.

Secret Notes of a Guru

We find the following passage in the book *Secret Notes of a Guru*:

When the second degree of the fire arrives there, or Kundalini of the etheric body (because each of the seven bodies has its Kundalini), then the Initiate undergoes the symbolic decapitation of John the Baptist. The initiate exchanges his earthly mind for an etheric and heavenly mind. He leaves the impure head of Salome (humanity) to dance before King Herod (the world), and the Initiate assumes a new mind, a heavenly and divine mind. How great is this! What a pity that humanity does not understand these things!

Through the mystique of the beheading of St. John, we understand the work with psychological death and the first factor of the revolution of consciousness.

We hope that through this article we can deepen our Gnostic knowledge through all the teachings of St. John the Baptist. Through the mysticism of St. John the Baptist, we deeply understand the 3 factors of the revolution of consciousness: mystical death, spiritual birth and sacrifice for humanity.

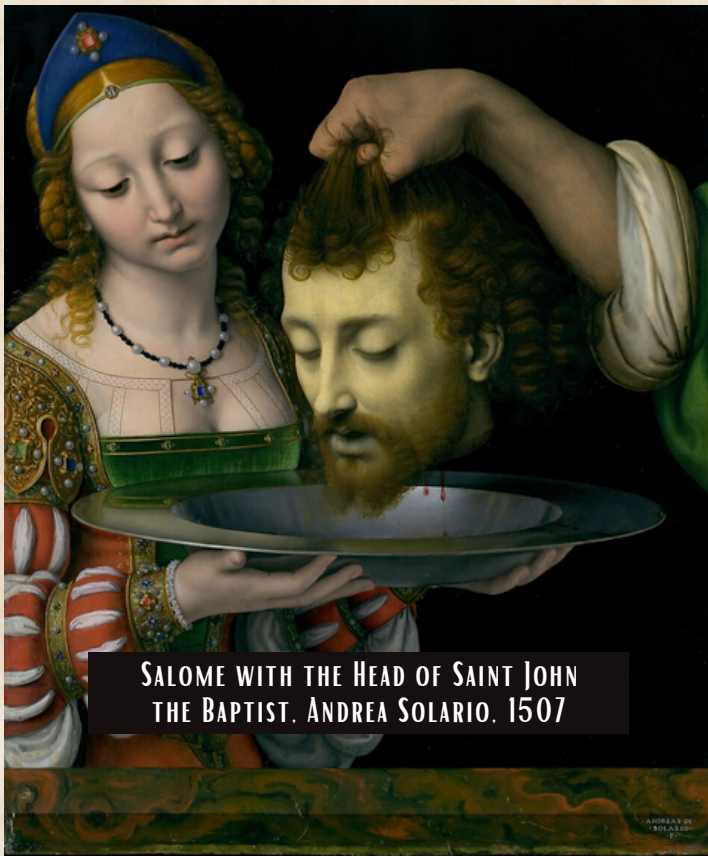

May all beings be happy. May all beings be joyful. May all beings be in peace.

Inverential Peace!

GNOSTIC CONGRESS OF ANTHROPOLOGY

Congresses are an opportunity for all of us to discover the divine light of Gnosis.

Participation in Gnostic congresses is of the greatest importance for the success in the diffusion of Gnostic Teaching in the world, because it brings us the comprehension and strength to accomplish our work in the Three Factors of the Revolution of the Consciousness.

The Gnostic Institute of Anthropology accomplishes the objectives of the Gnostic teachings, by promoting the study and research of the gnostic knowledge for the benefit of humanity.

For this purpose, the Institute periodically organizes conferences, conventions and congresses. In this manner we follow the directives of the V.M. Samael and the V.M. Litelantes, hence, for many years we have been holding the events of international congresses.

« You, the students of Gnosis, you do not understand what a Cosmic Event like this one is. Maybe one day you will come to understand what a Congress really is, but until then, even if you don't understand, attend the Congresses. » V.M. Litelantes

THE MYSTERIES OF JOHN THE BAPTIST

Written by: Martin Preuss, Gnostic Instructor, New York

Every esoteric and dedicated student will probably affirm that the astral body is extremely hard to possess. We go to the astral world every night when we sleep, but in an unconscious manner and we often do not remember our dreams.

In Gnosis of our times, V.M. Samael unveiled for us the particular message of John the Baptist in the cosmic drama. In this article we will see why it is fundamental to comprehend this subject in order to obtain, possess, and create, the solar astral body.

Undoubtedly, the teacher warns us that not all students will understand the message: "Unquestionably we can and even must assert with great emphasis, the transcendent and transcendental existence of two classic types of occultism. From the whole varied set of historical and prehistoric processes, related to the Earth and its human races, it is possible to infer two occult modalities, namely:

A.) Innate Occultism.

B.) Scholastic Occultism.

The first of these two currents is ostensibly antediluvian; the second is completely postdiluvian.

The exact parallels of these two clearly enunciated occult forms, we must clairvoyantly discover in the two modalities of the Law:

A.) *Natural and Paradise Law (Wisdom of the Gods).*

B.) *Written Law. Deuteronomy. (Second and lower Law)."* (1)

THE FOURTH DIMENSION

V.M. Samael teaches us some phenomena of the fourth dimension: "Moses, transfigured on Mount Nebo after having blessed the Twelve Tribes of Israel, contemplates "The Promised Land", the Elysian Fields or World of the "Jinn", the land flowing with milk and honey, the Etheric World, the Fourth Dimension.

Moses did not die like other men; he disappeared on Mount Nebo; his corpse was never found. What happened? Moses returned to the happy land of the Norse and Druidic songs; he became "JINA", he became an inhabitant of paradise." (1)

JESUS AND THE JINAS LANDS

"When John the Baptist was beheaded, the Great Kabir Jesus withdrew in a boat "to a desert and secluded place", to the Jinas lands, to the fourth coordinate of our planet Earth. There he performed with the multitude the miracle of the five loaves and two fish, of which no less than five thousand men ate, not counting women and children, leaving over twelve baskets full of pieces (Ibid, XIV, 15-21).

It is clear that the Great Gnostic Priest Jesus had to put the multitudes also into the fourth dimension, with the evident purpose of performing the miracle." (1)

THE TEACHINGS OF JOHN THE BAPTIST

Having established these historical phenomena about the fourth dimension, V.M. Samael explains the process:

The Vital Body is constituted by four Ethers:

1. *Luminous Ether.*
2. *Reflective Ether.*
3. *Chemical Ether.*
4. *Ether Of Life.*

The first of these ethers is intimately related to the various functionalisms of the will and the imagination. The second is secretly associated with all sensory and extra-sensory perceptions. The third is the basis of all organic biochemical processes. The fourth serves as a medium for forces working with processes of the reproduction of races.

During the Second Initiation of Fire, I learned to liberate the two higher ethers in order to travel with them away from the physical body.

Unquestionably clairvoyant and clairaudient perceptions are extraordinarily intensified when one absorbs in one's astral body the two higher ethers. Such ethers allow us to bring to the physical brain the totality of suprasensible memories.

John the Baptist teaches the second initiation of greater mysteries, the etheric body. However, before the second initiation we must, as the V. M. Samael Aun Weor says, "Christify" the first body, and awakening consciousness through this initiation.

"The esoteric vivid explanation given to me in scenic form about the mystical decapitation was certainly extraordinary."

*The Three Mountains, Chapter 14,
The Second Initiation of Fire
Samael Aun Weor*

JOHN THE BAPTIST AND THE GREATER MYSTERIES

Christification is done in parts, body by body. The first thing to be Christified is the Soul-Consciousness, which we extract from the Physical Body by means of the Kundalini of that body, enriching in this way the Soul-Spirit or Buddhic Body. A Christified and stigmatized Buddhic Body inevitably fuses with the Intimus.

Then comes the Christification and Stigmatization of the Etheric Body. It is realized through the process of the progress, evolution and ascent of the Kundalini of the "Etheric Body".

Each body has its "Cerebro-Spinal" Nervous System, its Medulla and its own Kundalini. Each body is a complete organism. Therefore, they are Seven Bodies, Seven Medullae and Seven Kundalinis."(2)

"The Kundalini of the Etheric Body opens all the faculties of the Etheric Body. The animic extract of the Etheric Body is absorbed by the Intimus little by little. Then comes the Christification and Stigmatization of the Astral Body. The Kundalini of the astral body is of the color of the "ray" and awakens under the direction of a specialist"(2).

And he continues, John the Baptist also leaves the message of two universal laws: reincarnation and return and recurrence.

Reincarnation when he is referred several times as Elias in the Bible and return and recurrence, when the spirit of Elias (John the Baptist) returns to Israel, to finish his work.

Infinite thanks to the V. M. Samael Aun Weor and Litelantes.

THE LIGHT OF CHRIST

Many will incarnate it in the future

Lyne Senechal, Gnostic Instructor, Alma, Quebec

This article is based on the book *The Perfect Matrimony* by V.M. Samael Aun Weor.

The Perfect Matrimony, chapter 12, some excerpts:

"V.M. Samael says: it has already been definitively demonstrated that Jesus, the Christ, was a Gnostic. The Saviour of the world was an active member of the Essene caste, mystics who never cut their hair or beard.

The Gnostic Church adores the Savior of the world, whose name is Jesus. The Gnostic Church knows that Jesus incarnated the Christ, and that's why it adores him.

Christ is neither a human nor a divine individual. Christ is a title given to any fully-realized Master. Christ is the Army of the Voice. Christ is the Word. The Word is far beyond body, soul and spirit. Whoever succeeds in incarnating the Word thereby receives the title of Christ. Christ is the Word itself. In each of us, the Word must become flesh.

When the Word becomes flesh in us, we speak in the Word of Light. To date, several Masters have incarnated the Christ. The Christ Yogi of India, the immortal Babaji, has lived in secret India for millions of years. The great wise Master Kout-Humi also incarnated the Christ. Sanat-Kumara, founder of the great White Lodge College of Initiates, is another living Christ. Many have incarnated him in the past. Some, in the present, have incarnated him. Many will incarnate him, in the future.

FLOWERS FROM GROESBECK, TEXAS

John the Baptist also incarnated Christ; John the Baptist is a Living Christ. The difference between Jesus and the other Masters who also incarnated the Christ lies in hierarchy. Jesus is the highest solar initiate in the cosmos."

THE GREAT REALITY

Master Samael says: "in the unknown depths of our divine Being, we have an inner star, entirely atomic. This stole is a supra-divine atom. Kabbalists give it the sacred name of Ain Soph. It is the Being of our Being, the Great Reality within us."

Sharing these excerpts from *The Perfect Matrimony* with all of you is important. The teachings of V.M. Samael Aun Weor guide us and enable us to rediscover ourselves intimately.

May these passages inspire you and give you the motivation to continue your inner work. The elimination of the ego enables us, in the end, to rediscover our inner Christ and return to our star, filled with infinite bliss.

V.M. Samael also says: "pain can't perfect anyone. If pain could perfect someone, all humanity would already be perfect. Pain is the result of our own mistakes.

Divine Reality is bliss, peace, abundance and perfection. The Great Reality cannot create pain. That which is perfect cannot create pain. That which is perfect creates only bliss. Pain was created by the ego."

A final extract, Master Samael says: "we must learn to live from moment to moment. Life is an eternal now, an eternal present. Those who think they'll be liberated in the distant future, in a few million years, with time, with the centuries, are sure candidates for the abyss and the second death. Time sets no one free. We need to free ourselves right now. We must live from moment to moment."

There's much to be learned from these inspiring passages by the awakened V.M. Samael. He spoke these words, these phrases, these paragraphs, these books to touch our consciousness (3%) in the present moment.

Thank you so much to the Masters for teaching us, little by little, how to live. May these extracts inspire you too.

New Book: Manual of Practical Magic

When a Logos wants to redeem a world, he emanates from himself a celestial prototype, formed by Atman-Buddhi. The Logos is the sephirotic crown. The Logos is the individual ray from which the Innermost itself emanates. This ray is the Most Holy Trinity within us. This ray is "triune". Therefore, every Logos is triune.

The Father is Kether, the Ancient of Days. The Son is the cosmic Christ within us. The Holy Spirit is the Divine Mother in us. The Mother carries a lamp in her hand. This lamp is the Innermost that burns within our heart. The Innermost has two souls, one divine and the other human.

When a Logos wants to come to the world, he emanates from himself his Innermost. This Innermost, united with the divine soul, is the Dhyani bodhisattva of a Logos. The Dhyani bodhisattvas of the Logos who follow the path of long and bitter duty, when they reincarnate into a world, they evolve like any man among men.

When the Dhyani is ready, then his real Logoic Being incarnates in him to save the world.
